

Chandan Sharma

Target: Head of design · Design director · Principal product designer

Nine years across ventures, social impact, scaled edtech, and regulated healthcare enterprise. Judgment where engineering adopts the system, not where decks age out.

Led eight at BYJU's Future School (2021–22, post WhiteHat Jr integration) and five at Birlasoft. Open to remote or relocation. Availability: 30 days.

PRACTICE FOCUS

- Design systems and component governance (Figma, RN)
- Healthcare and high-stakes workflow UX
- Research-through-production collaboration
- Team building, critiques, hiring, writers and researchers
- AI-assisted product surfaces with compliance awareness
- Workshop facilitation with CXO and engineering audiences

EDUCATION

- University of California, San Diego — Interaction Design (2021–2022)
 - University of Delhi — Business Management (2012–2015)
 - Google — Fundamentals of UX Design (2021)
- Also open to: senior PM with design scope, group PM, head of UX, VP design — roles where craft and org scale both count.

EXPERIENCE

Birlasoft — Senior UX Consultant

- 2022 – present · Stryker (USA), Hewlett Packard Enterprise · Led team of 5 (2 designers, 1 jr UX researcher, 1 UX writer, 1 analyst) · Enterprise delivery pod (narrower span than prior eig person edtech org)
- Extended design system in Figma for React Native across assigned programs.
 - Shipped AI-assisted recommendation and workflow UX for Stryker robotic-surgery operations; paired qualitative study with SQL-driven analytics to clear bottlenecks and engineering rollout; met 100% on-time CXO milestones on assigned programs.
 - Contributed to CX and automation GTM: offerings tied to ~\$2M revenue target, 27 new YoY, +25% YoY consulting packages; codified 80+ UX templates to shorten delivery.
 - Shipped AI-assisted field-service experience for HP (diagnosis, parts ordering, turnaro tightened decision paths for high-ambiguity agent edge cases.

WhiteHat Jr → BYJU's Future School

2020 – 2022 · APAC and North America · Post-2021 absorption into BYJU's Future School: re expanded from new initiatives to portfolio-wide user insights and eight-country delivery

BYJU's Future School — Manager, user insights

- 2021 – 2022 · Led team of 8 (4 designers, 2 UX writers, 2 analysts)
- Scaled design system of 30+ HCI-oriented components (2× handoff speed, 50% fewer inconsistencies across three squads); six-plus prototypes cut engineering cycle time launches exceeded 74% adoption.
 - Math category reached 30% of business revenue; MAU growth near 40% across eigh countries.
 - Diagnosed US subscription pressure; steered refund rate under 10% and US subscrip performance toward 70% of target via segmentation, channel, and experience recommendations.
 - Ran structured research program (800+ hours, 300+ users) feeding Disney, Roblox, T partnerships and VP / C-level decisions.

WhiteHat Jr — Manager, new initiatives

- 2020 – 2021
- Launched 0→1 “Create with Math”: prototype, value proposition testing, beta program and GTM with product and curriculum; tracked traction through feedback and NPS.
 - Through 2021 absorption into BYJU's Future School, transitioned from single-initiative ownership to portfolio-scale insights and cross-market delivery (next role: Manager, u insights).

Infinity Labs — Co-founder, program design

- 2019 – 2020 · UNDP-aligned programs · APAC
- Designed partner journeys for last-mile learning programs; enabled 800+ documented learning hours across APAC.

Teach For India — Fellow 2017 – 2019 · Cohort 2017 (top ~7% selection)

- Built a real-time classroom dashboard (attendance, behavior, mastery) that shortened teacher intervention cycles roughly 30%.
- Ran mixed-gender sports and equity programming with measurable attendance lift for g (~18%) and 25% fewer behavioral incidents.
- Added 600+ learning hours through schedule and engagement optimization across 10+ schools.

Scraplabs — Early-stage generalist 2015 – 2017 · National expansion

- Owned fellowship design and marketing collateral; led hiring interviews alongside GTM expansion sales for North India.
- Grew partner schools from 18 (Delhi NCR) to 80+ nationally.
